

Around and around,
around we go. When we
get home, we have a zero.

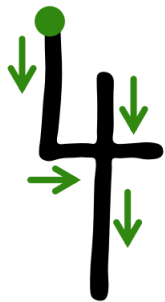

Number 1 is like a stick.
One straight line, it's
very quick!

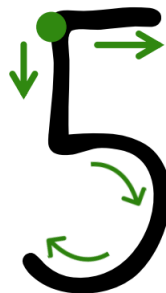

Around and back on the
railroad track. Two, two,
two!

Around a tree, around a
tree. That's the way to
make a three.

Down and across, down
once more. That's the
way to make a four.

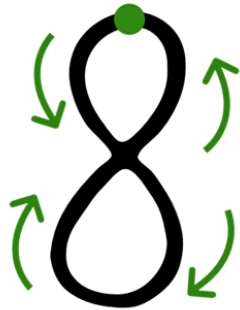

Straight line down, belly
fat, then go back for 5's
hat.

Down and across, down
once more. That's the
way to make a four.

Across the sky and down
from heaven. That's the
way to make a seven.

Make an S and do not
wait. Curve around to
make a eight.

Loop around then draw a
line. That's the way to
make a nine.
